# ***Risk A View From The Peaks***

***Andy Baker & Ruth Vickerstaff***

***Occupational Therapy***

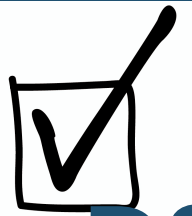

# Presentation Objectives

- To Provide an Overview of Dangerous & Severe Personality Disorder (DSPD)
- Peaks History
- Occupational Therapy Service
- Risk
- Reflections
- To Facilitate Discussion

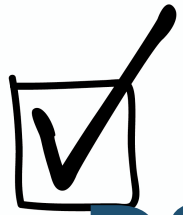

# DSPD ~The Stakeholders

- Department of Health
- HM Prison Service
- Home Office/Ministry Of Justice

## DSPD ~Overview

- A Response To Public & Political Concerns
- A Component of The Government Strategy To Deal With High Risk Offenders
- A New Legislative Framework To Protect The General Public & Provide For Offenders
- New Resources To Provide Treatment & Containment For A High Risk Group

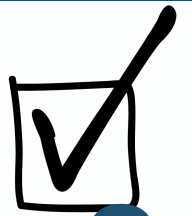

# DSPD ~ A Working Definition

- An individual must present a significant risk
  - serious physical or psychological harm
  - difficult or impossible to recover
- Significant disorder of personality
- Risk presented is functionally linked to the personality disorder

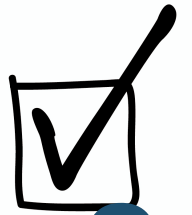

# Occupational Therapy Service

- Still Developing & Evolving After 5 Years
  
- Assessment & Treatment Phases

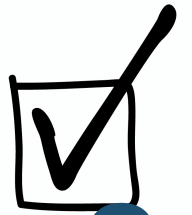

# Occupational Therapy Service

- Assessment Phase
- Ward Based Non-Tooled Sessions
- MOHO Assessments
  
- Treatment Phase
- Graded Access to Tooled sessions
- Full Tool Access Sessions
- Non – tooled Sessions
- MOHO Assessments

# Occupational Therapy Service

- Assessment phase
- Accessing Day care/ vocational areas
- AMPS
- Treatment Risk Information Management System (TRIMS)
- MOHO assessments
- Graded access to tools

# Occupational Therapy Service

- Treatment Phase
- Access to OT & Vocational areas
- AMPS
- TRIMS
- MOHO assessments
- Graded tool exposure
- Full tooled sessions

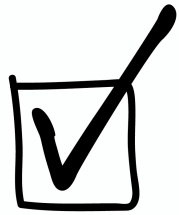

# Reflections

- Flexibility of assessing risk
- Unique contribution of an OT perspective of risk within the wider MDT
- The value attached by patients to the trust shown in facilitating access to tooled areas/activities
- the future.....
